A Picnic in the Park - Single-Digit Addition Worksheet for Class 1

On a sunny Sunday morning, a group of families from the same neighborhood decided to go for a picnic in the park. Let's solve some single-digit addition problems related to this fun-filled picnic in the park!

Manish has 3 pencils, and Rohit gives him 5 more pencils. How many pencils does Manish have now?

Kavya collected 7 seashells at the beach, and Aditi collected 4 seashells. How many seashells did they collect altogether?

Deepika bought 6 stickers, and Suresh bought 2 stickers. How many stickers do they have in total?

Deepika bought 6 stickers, and Suresh bought 2 stickers. How many stickers do they have in total?

Manish has 3 pencils, and Rohit gives him 5 more pencils. How many pencils does Manish have now?

Kavya collected 7 seashells at the beach, and Aditi collected 4 seashells. How many seashells did they collect altogether?
